

Events at Blueprint Café

‘THE PERFECT BACKDROP FOR ANY EVENT’

Set on the first floor overlooking the Thames, Blueprint Café offers a bright and airy space complete with its own terrace. Benefitting from a private entrance, views of Tower Bridge to the West and Canary Wharf to the East, this unrivalled setting is matched only by its exquisite food with an emphasis on seasonality.

Our space is completely flexible and can accommodate a variety of exclusive events and occasions, from groups to private hire.

During the warmer months, the restaurant's glass doors open to create a sense of alfresco dining on the water. With floor to ceiling windows come rain or shine you can soak up the incredible views.

A dedicated and experienced Event Manager will be your one point of contact to ensure your event is seamless from the initial stages right through to the big day. Whatever your vision may be we will help design the perfect event for you.

EXCLUSIVE HIRE

Set on the first floor of the Design Museum, we offer a bright, flexible space with elevated views. This blank canvas setting is perfect for product launches, dinners, corporate events or drinks receptions. Our Head Chef can offer bespoke menus on request if you are after a more personal experience.
